PLANT CORN

THE PRESIDENT OF THE UNITED STATES TO FARMERS

"By planting and increasing his production in every way possible, every farmer will perform a labor of patriotism for which he will be recognized as a soldier of the commissary, adding his share to the food supply of his people."—*President Wilson, April 10, 1917.*

Corn must help Win the War

PLANT MORE CORN

PLANT CORN ON ALL SUITABLE LAND NOT USED
FOR OTHER FOOD OR FEED CROPS.

IF EARLY PLANTING HAS FAILED, REPLANT WHERE-
EVER THERE IS A CHANCE FOR A CROP.

THE WINTER WHEAT CROP IS SHORT

Report of May 8 on condition of winter wheat indicates that the crop will be the smallest for 13 years. Condition of spring wheat not yet determined, but estimated wheat production is inadequate to meet prospective demands.

More corn will make up for a shortage of wheat.

EAT MORE CORN, LESS WHEAT
